Hibernating Bear

You will need:
- a full size piece of dark blue paper or another dark color of your choice
- a plain white paper plate cut in half and then into an arch shape to make a cave.
- a brown piece of paper cut into a square
- 2 google eyes
- markers, scissors & glue

Directions:
1. Use markers to decorate your paper plate/arch so it looks like a cave.
2. Glue the brown rectangle to the very bottom and in the middle of the dark blue paper.
3. Glue the arch to the blue paper with the bump facing you. Make sure you can see the brown paper in the cut-out.
4. Glue the google eyes to the brown paper.
5. Use the markers to create a forest around the cave.
